### FROM THE PASTOR – THE SACRED HEART DEVOTION: A HISTORY

June is traditionally dedicated to the devotion to the Sacred Heart of Jesus. The feast of the Sacred Heart is the Friday after Corpus Christ Sunday, which is typically a June Friday, hence the consecration of this month to this particular devotion. It seems providential to grow in this devotion in this month dedicated to false pride in sexual aberrations and body abuse which all show a deep hatred of self and lack of charity. I will use this month's bulletin articles to discuss the devotion to the Sacred Heart and how we may live it out. We must first see the history behind this devotion: where it came from, how it spread, and how it has become so popular.

While there are many historical understandings of this devotion, the modern take comes from a private revelation. St. Margaret Mary Alacoque was a nun in central France in the late 17th century who pursued her vocation to holiness in the convent. In 1673, she began to have private revelations of Jesus displaying to her His Sacred Heart, along with a desire for people to draw closer to Him in practicing devotion to His Heart. The final revelation has given us the image which we most often associate with the Sacred Heart (seen at right) but also the great declaration of the Lord:

Behold the Heart which has so loved men that it has spared nothing, even to exhausting and consuming Itself, in order to testify Its love; and in return, I receive from the greater part only ingratitude, by their irreverence and sacrilege, and by the coldness and contempt they have for Me in this Sacrament of Love. *(from the recollection of St. Margaret Mary Alacoque)*

For the first few years, St. Margaret Mary found it difficult to promote this devotion due to indifference or disbelief from her fellow nuns. But the devotion began to spread with the help of St. Claude de la Colombiere, the priest and spiritual director assigned to her convent. Believing her story, St. Claude began to promote the devotion among the various religious communities along with the general populace. Soon, multitudes throughout France were practicing the various aspects of the devotion requested by the Lord (as will be discussed in next week's article).

It was not until 1856 that the feast in honor of the Sacred Heart was extended to the entire Latin church at the behest of Bl. Pius IX. Today, we not only see this devotion practiced in such a formal manner but also through the First Friday Masses offered in many churches (more on that next week). Let us marvel at the care of Christ for us in offering this devotion. Let us open our hearts to the Sacred Heart!

NB: I will be on retreat next week at Clear Creek Abbey in Oklahoma. Please know of my prayers for you and keep me in your prayers as well. FJS
